Examine Your Cup!

Psalms 23:5

That's our challenge for the coming week. All this week we are gonna take moments where we just stop and; "*Examine Our Own Personal Cup.*"

In this verse we have several vivid pictures. There is the picture of a banquet hall where a gracious host provides this lavish hospitality for David, even though he is in the presence of his enemies. And then there is the picture of David's head being anointed. This act would be refreshing and soothing to David. As David reflects on these provisions from the Lord, his soul bursts out in praise, "MY CUP RUNNETH OVER!"

In view of the banquet table and the soothing oil, David realizes that his life, (*his cup*) was running over with blessings from the Lord. Saints, that was true of David's life, and, if we really take time and examine our life (*our cup*) we will say what David said; "MY CUP RUNNETH OVER!"
